Data notes

- AMC sees mostly shoppers reached by Sponsored Ads; rates and trends are reliable, raw counts are understated.
- Sponsored Ads only: DSP touches and DSP-attributed sales are not included.
- Rows under ~100 shoppers are withheld by AMC. They stay in totals and are never attributed.
- No Subscribe & Save activity in the window; repeat = bought earlier (from Oct 2025) or 2+ orders in the month.
- Repeat history starts at the lookback date, so early months have a shorter purchase history than later months; part of the rise in repeat share over the year comes from that longer window.
- Spend per NTB order uses all Sponsored Ads spend and ranks months; it is not an isolated acquisition cost.
- ShineWater sells flavored kids' water drinks (12-packs, 6-pack variety, Paw Patrol 32-packs).
- Repeat is shown without a Subscribe & Save split for this account; any SnS buyers are counted inside Repeat.
- Search terms: terms with fewer than 5 NTB shoppers are grouped as Long tail.
