Data notes

- AMC sees mostly shoppers reached by Sponsored Ads; rates and trends are reliable, raw counts are understated.
- Sponsored Ads only: DSP touches and DSP-attributed sales are not included.
- Rows under ~100 shoppers are withheld by AMC. They stay in totals and are never attributed.
- No Subscribe & Save activity in the window; repeat = bought earlier (from Oct 2025) or 2+ orders in the month.
- Repeat history starts at the lookback date, so early months have a shorter purchase history than later months; part of the rise in repeat share over the year comes from that longer window.
- Spend per NTB order uses all Sponsored Ads spend and ranks months; it is not an isolated acquisition cost.
- Leading Choice resells branded consumer products (Angelus leather paint and care, Chiavetta's marinade, Berkey filters and others); new-to-brand is counted against the brand on each listing.
- Sponsored Products only in this AMC instance (no Sponsored Brands or Display activity).
- By ASIN: ASINs with fewer than 100 customers in 2026 are grouped as Other ASINs.
- Search terms: terms with fewer than 5 NTB shoppers are grouped as Long tail.
